Find the video on the official Youtube channel: <http://youtu.be/X8VYrCgI9IM>

26th February 2014, Milan – **Milestone**, one of the most recognized racing videogame developers and publishers for consoles and Windows® PC, releases a new gameplay video for the PlayStation®Vita version of **MXGP - The Official Motocross Videogame**. This new exciting videogame is based on the official FIM World Motocross Championship and it will be available from **28th March 2014** on **PlayStation®3, PlayStation®Vita, Xbox 360®** video game and entertainment system from Microsoft and **Windows PC®**.

*“The PS Vita version of the game has been developed simultaneously with the PS3 one, although it isn’t a porting of the home console. This approach allowed us to include all the contents such as lighting effects, physics and the styling of MXGP as well as the ability to play with a dual stick controller which allows the rider and the bike to be managed separately. Thanks to this feature you’ll be able to execute tricks such as **Scrubs and Whips**”,* affirms Alessandro Castrucci, Milestone’s Game Director.

MXGP features all the riders, teams, bikes and rules from the official MXGP 2013 calendar including a redesigned career mode for living the feelings of Motocross.

Developed by Milestone Studio, **MXGP, The Official Motocross Videogame** will be available from 28th March 2014 for PlayStation®3, PlayStation®Vita, Xbox 360® and Windows PC®.
